Sunday eve.

Dear Quentin,

Although delayed this is an answer to your very interesting letter. You surely sound full of pep and all that it takes to make a success. I'll not be the first to congratulate you for getting your present position but I do want say that I was glad to hear that you are well placed.

Last week, Aug 19, Helen finished her course at Post Session. That of course called for a trip to Somerset, a trip which I enjoyed for several days. However, take it from me, it's a big let-down this week end.

I'm going to get a room nearer the center of activities for my last semester and am going to go

to State Sept. 2 to try to get located.

If you get to State this fall be sure to locate me. I'll be glad to have a reall^t bull session with you. maybe if I keep close tabs on a certain Dotty I'll be able to know when you are coming.

I'd surely be glad to have you visit me this fall before I go back to State. The weekend of Sept. 9 will suit me o k or any evening that it suits you. Just drop me a card and I'll be home.

To find me come to Lancaster, follow 72 out of Lancaster (S Prince Street), travel about 10 ~~or~~ miles south until you come to the Low Grade R R underpass. Route 72 passes under the R R. Just before going under the R R you turn off of 72 and go thru the 2nd underpass which is to your right. The line two miles up that road (Road to Hattwood) Pass a brick Church and a school house. Our lane is the first to the left after passing the school.

Good luck to you Pal,
Sincerely
Hoover.
